

ET's remarks Wed March 13, 2013 @ FMPL Thank You Banquet

Thank you for being here! It's important to celebrate.

2012 was a tougher year. There was the death of Dana Werner and the Brown County billing situation. And then there were some stressful but wonderful happenings:

- Having Jenna Goodall as an intern for ten weeks
- Hosting a prima donna
- Working the Outagamie Farm Technology Days (only comes around every 30 years!) and was a blast
- Reading 60 children's books in 3 months to judge them.

All along the way you have encouraged and helped me. THANK YOU. ☺
